

Employment practices liability (EPL) is one of the most significant cost drivers for California Schools and Community Colleges, accounting for **\$70 million** in losses for these institutions over the past six years. This cost represents approximately \$2 per ADA per year for K-12 schools and \$4 per FTES per year for Community Colleges.

Best practices, case law, sample policies, forms and newsletters covering a wide range of EPL topics.

EPL online training courses available on Keenan SafeSchools and Keenan SafeColleges

Case Law Alerts and Updates from the perspective of recognized experts

The **Employment Practices Liability Resource Center** is designed to help districts manage the issues that lead to employment practices liability claims by providing a wide range of training solutions, best practices, sample policies and forms, attorney hosted webinars, articles, case studies and legal resources.
